"St Claret PU College
has become a centre of excellence with
world class facilities. It was during my tenure as
Commissioner for Education the need for establishing St
Claret PU College was conceived, in early 2002. The growth
of the college in terms of numerical strength, academic
achievements, add-on programs,
industry-institution interaction, sports and cultural activities,
creative
thinking and social action would not have happened but
for the top-level commitment and involvement
of all the stakeholders, in particular, the management,
staff and parents."
